Our interior handlesets are supplied as standard with fasteners for 1 3/8" - 1 3/4" doors[a] and a full lipped strike. Further details in table below.

The function codes relevant to specific roses/escutcheons are provided on product detail pages throughout this price book. Handing is not required for passage and privacy sets with our RE, AN and TA concealed screw roses, or our SQ and SE escutcheons unless a split finish is specified.

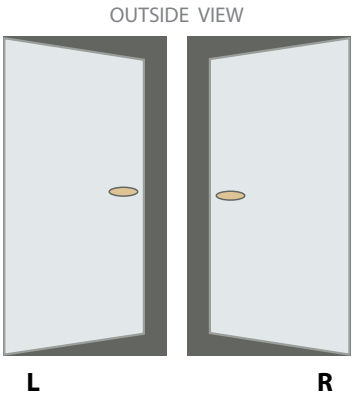
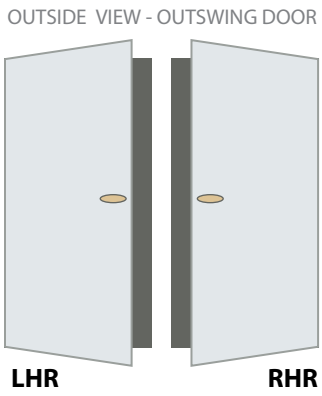
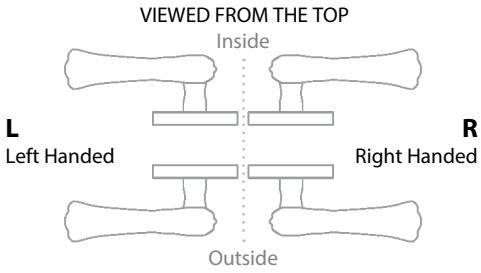
HANDING GUIDE

Door handing is always determined from outside of the room or home. The side of the door that the hinges are on determines the handing of the door. For mortise sets, we need to know the swing direction of the door. Most doors swing in, but if the door swings outwards, designate this as reverse swing.

L = Left Hand
R = Right Hand
LHR = Left Hand Reverse (needed for mortise sets only)
RHR = Right Hand Reverse (needed for mortise sets only)







MORTISE LOCK OPTIONS

ANSI F12 Entry
Accurate 9148B Lock

- Latch bolt by key outside and lever either side unless outside lever is locked by toggle action stop
- Deadbolt by key outside and turn piece inside
- Turning inside lever retracts latch and deadbolt simultaneously, **outside lever remains locked until manually unlocked by toggle**

ANSI F13 Dormitory
Accurate 9124B Lock

- Latch bolt by lever either side
- Deadbolt by key outside and turn piece inside
- A turn of inside lever retracts latch and deadbolt simultaneously, **automatically unlocking outside lever**

Our Dark Oil Rubbed (8) finish is 'living finish' and may lighten, highlight, oxidize or rub off in places due to frequency of use; therefore, such events do not constitute a defect. Our Polished Nickel (4B) and Unlacquered Brass (3U) finishes are not lacquered and may tarnish due to environmental exposure. Thus Ashley Norton Inc., cannot guarantee our Dark Oil Rubbed (8), Polished Nickel (4B) or Unlacquered Brass (3U) finishes and therefore, Ashley Norton Inc. will not have any obligation to repair or replace such finishes under this warranty.

Finish Warranty - External Use

Lacquered finishes will deteriorate when exposed to the atmosphere, particularly salt air, direct sunlight and pollution. Plated finishes will endure these conditions longer than lacquered finishes, however even these will not remain unaffected by the environment. Our Dark Oil Rubbed is a living finish and will age naturally. Ashley Norton cannot guarantee finishes where used externally.

Exclusion of Incidental and Consequential Damages

In no event shall Ashley Norton be liable for any incidental or consequential damages arising from the sale or use of our products.
