### **INTRODUCTION**

Every model in Hager's line of exit devices is designed and engineered to assure you and your customers years of superior performance. Hager exit devices use fewer moving parts and are constructed with high-quality features.

Hager exit devices were designed with ease of installation in mind. We package our exit devices for convenience and versatility, with thru-bolts included for every model, slotted strikes, and non-handed designs. Hager offers escutcheon trim available in four functions, along with many other trim options.

### **Cancellation Notification**

Cancellation for made-to-order items must be communicated within 48 hours of order placement.
