STANDARD ORDERS

- **Shipping** 48 hours or less for standard products on orders received before 3:00 p.m. Orders received after 3:00 p.m. may be processed the next business day. Large quantities and custom processing may require additional time.
- **Drop Shipments** There will be a charge of \$17.50 net for drop shipments.
- **Terms** Net 30 days.
- **Freight** Net amounts of \$1,800 or more: Prepaid and allowed, routing of our choice. (48 contiguous states and Canada only.) Net amounts less than \$1,800: Freight costs are prepaid and added. (48 contiguous states and Canada only.)
- **Special Shipments** Oversized shipments (greater than 95" long) will ship via FedEx 3-Day or truck only. Additional fees may apply to orders shipped outside the 48 contiguous states, special packaging and advance notification requests. Please consult with SELECT.

GEARED HINGES IN STOCK

- **Lengths** 83" / 85" / 95" / 120". SELECT hinges are normally 1" shorter than actual opening height. Custom lengths can be ordered (see page 5).
- **Standard Colors** Anodized after machining. Custom colors can be ordered (see page 5).
CL=Clear **BR**=Dark Bronze **BK**=Black (stocked in many hinge models)
- **Load/Frequency Rating** For 1-3/4" doors except where noted; 48" max. door width. Frequency of use and door weight determine the hinge duty needed. SELECT Geared Continuous Hinge model numbers indicate appropriate hinge duty.
- **Heavy Duty [HD300]** Up to 300 lb. for high-frequency doors.
- **Heavy Duty [HD600]** Up to 600 lb. for high-frequency doors.
- **Heavy Duty [LL]** Up to 1,000 lb. for low- to medium-frequency doors, including most lead-lined doors.
- **Door Insets** Choose the SELECT hinge model to match your door inset. Door insets are indicated next to applicable hinge models listed on pages 7-11.

Geared Hinge Fasteners*

***No discounts apply to net add items.**
Hinges prepared with custom processing are non-returnable.

STANDARD FASTENERS

All SELECT hinges are shipped with Self-Drilling, Thread-Forming, Stainless Steel Screws (SDTF) unless otherwise requested.

NOTE: We do not recommend the use of self-drilling, thread-forming screws in grouted frames.

- **SDTF** 12-24 × 3/4", Self-Drilling, Thread-Forming, 410 SS Screws, Phillips Undercut Flathead

OPTIONAL FASTENERS

The optional fasteners listed below may be requested at no upcharge, and must be specified on the original purchase order:

- **TF** 12-24 × 1/2", Thread-Forming, 410 SS Screws, Phillips Undercut Flathead (pilot hole required)
- **WD** 12-14 × 1-1/2", 410 SS Wood Screws
- **WD/SDTF** 12-14 × 1-1/2", 410 SS Wood Screws and 12-24 × 3/4", Self-Drilling, Thread-Forming, 410 SS Screws
- **WD/TF** 12-14 × 1-1/2", 410 SS Wood Screws and 12-24 × 1/2", Thread-Forming, 410 SS Screws

TORX® SECURITY FASTENERS

Optional Torx® security fasteners are available at extra cost.

- **For Metal Doors** \$0.60 net add per screw
Tamper-resistant 12-24 × 1/2" thread-forming or 12-24 × 3/4" self-drilling, thread-forming 6-lobe T-25 with pin. Clear or Dark Bronze.
- **For Wood Doors** \$0.65 net add per screw
Tamper-resistant 12-14 × 1-1/2" 6-lobe T-25 with pin. Clear or Dark Bronze.
- **Shoulder Screws** \$2.50 net add per screw
Tamper-resistant 1/4-20 6-lobe T-25 with pin. Clear or Dark Bronze.
- **Special Bit for Torx® Screws** \$1.25 net add

RIVNUT® FASTENERS

Optional Rivnut® fasteners are available at extra cost.

- **Rivnuts & Long Fasteners** \$2.25 net add per pair
Pair: 12-24 × 1" hinge screw with Rivnut. Clear or Dark Bronze.
- **Rivnut Installation Tool** \$195 net add per tool

Fire-Rated Hinges

No discounts apply to net add items.

Hinges prepared with custom processing are non-returnable.

All SELECT hinges have been UL® tested and listed to 90-minute Fire Rating Standards without fire pins or studs—at no extra cost (except SL71, SL77 and Toilet Partition hinges).

PATENTED DESIGN OPTION

Only SELECT's patented process allows A-Label Fire Listing for up to 3 hours without fire pins or studs. SELECT hinges have been tested by Underwriters Laboratories, Inc. to meet the Positive and Negative pressure requirements of UL10B, UL10C and UBC 7.2 (1997).

THE FOLLOWING HINGES ARE LISTED BY UNDERWRITERS LABORATORIES, INC. TO U.S. AND CANADIAN SAFETY STANDARDS: DOOR HINGES SELECT PRODUCTS LIMITED, KALAMAZOO, MI 49009, R16019 ALUMINUM CONTINUOUS HINGES:

Models SL11, SL12, SL14, SL18, SL21, SL24, SL26, SL27, SL31, SL38, SL40, SL41, SL44, SL48, SL52, SL53, SL54, SL57 and SL84 for use on swinging single or pairs of fire doors, including double egress, up to 3 hours (not available on SL38) for hollow metal or steel covered composite and 1-1/2 hours for wood composite and wood core type fire doors with a maximum size of 4 ft. wide and 10 ft. high, installed in masonry or drywall.

- **UL Labeled 3-HR. Fire Rating [FR3]** \$17 net add per hinge

NOTE: Not available on SL38.

Electrical Modifications

No discounts apply to net add items.
Hinges prepared with custom processing are non-returnable.

No discounts apply to net add items.

Specify prep locations from top of hinge. See SELECT catalog for specific prep locations. Hinges prepared with electrical modifications are non-returnable.

Lead times may vary depending on the number of hinges ordered. Changes/cancellations on custom-modified hinge orders are subject to charges for work already performed and materials utilized.

Electric Power Transfer Prep [EPT Prep]

Hinges can be prepared for a variety of power transfer units. Specify VD-EPT for Von Duprin EPT2, EPT10 or PNT1. All others, refer to SELECT catalog or website EPT order form. Available on models SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL44, SL48, SL52, SL53, SL54, SL77 and SL84. Handing required except for VD-EPT on SL11 and SL27 hinges.

EPT prep \$39 net add per prep

Electric Power Transfer Prep [EPT Prep] on SL40 & SL41

If an EPT prep is required on models SL40 (wide throw) or SL41 (swing clear), please consult the factory for engineering approval and upcharge.

Exposed Electric Monitor Switch [EMS]

One EMS switch needed per monitoring hinge. 120V AC @ 250MA 30W maximum. Available on models SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL38, SL40, SL41, SL44, SL48 and SL84. Handing required.

EMS \$44 net add per EMS

Concealed Through-Wire [CTW]

Continuous electric conductors fit in bearing slots. See SELECT catalog or website for templates. Per conductor: 12V-24V AC/DC @ 3-6 amps. Ultra flexible 22 gauge wire with 8" leads per leaf. All CTW options available on heavy duty (HD600 and LL) models SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL44, SL48 and SL84, and heavy duty (HD600) model SL57. Heavy duty (HD300) models SL11, SL14, SL18, SL24 and SL57 available with 4- or 5-wire CTW only.

CTW-4 (4-wire) \$103 net add per CTW-4

CTW-5 (5-wire) \$108 net add per CTW-5

CTW-8 (8-wire) \$120 net add per CTW-8

CTW-10 (10-wire) \$130 net add per CTW-10

CTW-12 (12-wire) \$149 net add per CTW-12

Extra-long leads (optional, 48" max.) ... \$27 net add per ft.

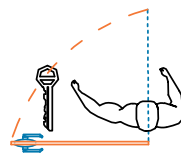

Concealed Adjustable Magnetic Monitor Switch [CMG Prep]

22 gauge wire, 14" leads, 28 volts DC. Available on models SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL40, SL41, SL44, SL48 and SL84. Handing required.

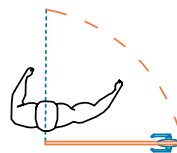

CMG Prep \$95 net add per CMG

No discounts apply to net add items.

Specify prep locations from top of hinge. See SELECT catalog for specific prep locations. Hinges prepared with electrical modifications are non-returnable.

Lead times may vary depending on the number of hinges ordered. Changes/cancellations on custom-modified hinge orders are subject to charges for work already performed and materials utilized.

Accessible Through-Wire Prep [ATW]

Recessed continuous electric conductors with removable/accessible panel. No cuts in hinge leaves or cap for optimum hinge performance and appearance. See SELECT catalog or website for templates. Per conductor: 12V-24V AC/DC @ 3-6 amps. Ultra flexible 22 gauge wire with 8" leads. Molex® connectors included per leaf. Available on models SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL44, SL48 and SL84. Handing required, except for SL11 and SL27. Hinges with ATW prep can be ordered with a painted finish on the gear cap only.

- ATW-4 (4-wire) \$168 net add per ATW-4
- ATW-8 (8-wire) \$179 net add per ATW-8
- ATW-12 (12-wire) \$194 net add per ATW-12

NOTE: For 90-degree openings, please specify at time of order for no upcharge. 90-degree ATW cover plates are \$19 net when ordered separately and clear, bronze or black must be specified.

Accessible Through-Wire Removable Panel Prep [ATWRP]

Retrofit option available to electrify an existing concealed hinge or to fix a failed electronic entryway. Specify hinge model for which the panel is needed, and Clear [CL], Dark Bronze [BR] or Black [BK] finish. ATWRP modification has no warranty.

- ATW4RP (4-wire) \$168 net add per ATW4RP
- ATW8RP (8-wire) \$179 net add per ATW8RP
- ATW12RP (12-wire) \$194 net add per ATW12RP

NOTE: ATWRP prep is not covered under the SELECT warranty.

12-Wire Lead Adaptors with Molex® Connectors

ATW Adaptors with 12-wire Molex® connectors are available in 4 lengths from 8" to 120".

- ATWADPT8 (8") \$14 net per frame and/or door
- ATWADPT24 (24") \$18 net per frame and/or door
- ATWADPT48 (48") \$21 net per frame and/or door
- ATWADPT120 (120") \$33 net per frame and/or door

Hospital Tips

Black polymer TIPIT® LB

Metal TIPIT® LM

Gray polymer TIPIT® CG

Metal TIPIT® CM

HT Prep with end cap

Ligature-resistant TIPIT® for Full Surface, Half Surface, Half Mortise, Swing Clear and Concealed Safety Hinges

Metal [TIPIT LM] \$71 net add per TIPIT
Polymer [TIPIT L] \$45 net add per TIPIT
 Patented design. For SL21 and SL57 full surface hinges, SL52 half mortise hinges, SL53, SL54 and SL77 half surface hinges, SL41 swing clear hinges and SL71 concealed safety hinges. Mounts on surface of frame, above the hinge. Retrofit applications: Works with most brands of full surface, half surface and swing clear-type continuous geared hinges. Includes large TIPIT® and four (4) #10 Torx® security screws. Polymer TIPIT L available in: **B** = Black **G** = Gray.

Hinge Preparation for TIPIT® L

[TIPIT PREP] \$11 net add per hinge
 For SL21 and SL57 full surface hinges, and SL53, SL54 and SL77 half surface hinges. Factory preparation of door leaf covers, for field installation of TIPIT®. Specify [TIPIT PREP] on your hinge order. Patented.

NOTE: Order TIPIT® L separately from TIPIT PREP.

NOTE: TIPIT PREP not necessary for SL41 swing clear hinges, SL52 half mortise hinges or SL71 concealed safety hinges.

Ligature-resistant TIPIT® for Concealed Hinges

(excluding Concealed Safety Hinges)
Metal [TIPIT CM] \$32 net add per TIPIT
Polymer [TIPIT C] \$20 net add per TIPIT
 Patented design. For new or retrofit applications of most concealed hinges. Mounts on surface of frame, above new or existing continuous hinge. Works with most brands of concealed continuous geared hinges. Includes small TIPIT® and one (1) #10 Torx® security screw. Polymer TIPIT C available in: **B** = Black **G** = Gray.

Hospital Tip Preparation [HT Prep]. . . \$32 net add per hinge

Angle-cut hinge prep for new concealed hinges up to 95°. Available on the following model hinges: SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL38, SL44, SL48 and SL84 concealed hinges only. Handing required, except SL11, SL27 and SL38. Polymer end cap in: **B** = Black **G** = Gray

NOTE: Not available on hinges longer than 95".

NOTE: Not available on SL71 concealed safety hinges, SL21 and SL57 full surface hinges, SL52 half mortise hinges, SL53, SL54 and SL77 half surface hinges, SL40 wide throw hinges, SL41 swing clear hinges or SL60/62 toilet partition hinges.

NOTE: Not available with the Security Option.

The SELECT SL57 aluminum full surface hinge topped with the metal TIPIT® LM is designed to meet patient safety standards. See it in the 2018 FGI Behavioral Health Design Guide and at www.omh.ny.gov/omhweb/patient_safety_standards/guide.pdf.

CUSTOM PROCESSING

- **Express Shipments** \$10 net add per hinge
Order by noon (EST). Most hinges shipped out the same day.
- **Special Packaging** \$10 net add per package
Specially reinforced packaging to prevent in-transit damage, including single-hinge shipments.
- **Master Marking** No charge
- **Individual Hinge Marking** \$1 net add per hinge
- **Extra-Long Hinges [LH Prep]** \$47 net add per splice
168" maximum length. Leaves are spliced together, with a staggered joint and continuous gear cap. Pricing based upon number of hinges used plus splicing charge per hinge. Handing required except for SL11, SL21, SL27, SL40 and SL57. Not available on SL31, SL38, SL44, SL48 or SL60/62.
- **Custom-Cut Hinges [MACH Prep]** \$5 net add per hinge
Cutting more than 5" off standard length (excluding SL60/62). For SL60/62, contact SELECT for a quote. Handing required, except on SL11, SL27, SL38, SL40 and SL60/62.
- **Fire Label Cutout [CUTOUT19]** \$37 net add per cutout
Hinges can be prepared with a cutout to expose fire labels on doors and/or frames. Refer to SELECT catalog or website Fire Label Cutout order form. Available on models SL11, SL12, SL14, SL18, SL24, SL26, SL27, SL31, SL40, SL41, SL44, SL48, SL52, SL53, SL54 and SL84. Engineering approval is required.
- **Cutting Hinges in the Field**
See SELECT Installation Instructions and Warranty for specific information regarding field alterations.
- **Dutch Door Hinges [DD Prep]** \$42 net add per hinge
Frame leaf is furnished as a continuous length. Door leaf is cut to fit the specified Dutch Door height. Required: Handing and measurements for net hinge length, top door leaf length, bottom door leaf length and clearance (3/16" min.) between top and bottom leaves. Refer to SELECT website for Dutch Door order form. Not available on SL60/62.
- **Header Gap Prep [HDRGAP Prep]** . . \$10.50 net add per hinge
No more shimming! Door leaf trimmed 1/8" at the top and bottom to incorporate clearance required for installation. Handing required; available on all models.

NEW! SELF-CENTERING HINGE BIT

- **CB172S Self-centering Hinge Bit** \$26 net add per bit
Easy to use, self-centering hinge bit to accurately drill pilot holes for self-tapping, thread-forming screws. 1/4" hex power bit shank, 11/64" HSS twist drill bit, 3/8" diameter nose bushing.
- **CB172SBIT Replacement Drill Bit for CB172S** \$8 net add per bit
11/64" HSS twist drill bit.

NEW! MASONRY BIT

- **HB156M Masonry Bit** \$5 net add per bit
5/32" diameter x 6" long carbide-tipped masonry bit with upgraded hex shank design for drilling into slush-filled frames.

THROUGH-BOLT DRILL BIT

- **HB375 Drill Bit** \$20 net add per bit
.375" hole diameter, specially designed for SELECT hinges. Eliminates need for center punch.

SECURITY PREPS

- **Security Option [SO Prep]** \$21 net add per hinge
Non-removable bearing added at top of hinge to prevent material from falling into the opening between cap and gears. Hinge must be installed with security bearing at top of door. Handing required, except for SL11, SL27, SL38 and SL40. Not available on hinges longer than 95". Not available with Hospital Tip.
- **Tamper-Resistant Hinge [SO Prep B]** . \$35 net add per hinge
Entire hinge prepared with set screws installed in every other bearing and tightened against inside of gear cap for additional security against tampering.

NEW! FILLER PLATES

- **Butt Hinge Cutout Filler Plate** \$2 net add per cover
Cover cutouts left by previous butt hinges. Perfect for storefronts and hollow metal doors. Minimum order quantity: 12 of one color.
FILLERPLATEG = Gray
FILLERPLATEB = Black

SHIM STOCK

Reduce clearance between the door and frame with Concealed hinges, or provide additional door inset from the frame with Full Surface and Half Surface hinges.

- **Aluminum Shim Stock [SH8X1295]** \$18.50 net add each
Clear anodized, 1/8" x 1-1/2", 95" long, no holes.
- **UHMW Plastic Shim Stock**
Self-adhesive translucent material. Cannot be used on fire doors. Available in 100-foot rolls.
SHRL32X112 1/32" x 1-1/2" x 100' \$119 net
SHRL32X12 1/32" x 1/2" x 100' \$51 net
SHRL62X112 1/16" x 1-1/2" x 100' \$159 net
SHRL62X12 1/16" x 1/2" x 100' \$74 net
- **NEW! Fire Door Steel Shim Stock**
Low carbon steel, 95" long, no holes.
FDSS6X112 1/16" x 1-1/2" x 95" \$25 net
FDSS8X112 1/8" x 1-1/2" x 95" \$39 net

LEAF COVERS

- **Door Leaf Replacement Cover** \$24 net add per cover
For SL21, SL53, SL54, SL57 and SL77. Clear, Dark Bronze or Black anodized aluminum.
- **Frame Leaf Replacement Cover** \$24 net add per cover
For SL52, SL57 and Latch Guard. Clear, Dark Bronze or Black anodized aluminum.
- **Lead Lined Door Leaf Cover** \$50 net add per cover
For SL21, SL53, SL54, SL57 and SL77. Clear, Dark Bronze or Black anodized aluminum.
- **Lead Lined Frame Leaf Cover** \$50 net add per cover
For SL52 and SL57. Clear, Dark Bronze or Black anodized aluminum.

HOLE COVERS

- **Pivot Hinge Hole Cover** \$2.70 net add per cover
Cover holes left by previous door prep. Minimum order quantity: 25 of one color.
PIVCOVERG = Gray
PIVCOVERB = Dark Bronze

Additional Optional Preps & Accessories

CUSTOM COLORS

- **Bone White Gear Cap** \$29 net add per hinge
Color: Bone White only; 2 coats Kynar 500; 70% resin
Valspar: 391X035 PPG: UC43350
In-Stock: Lengths 95" and under.
- **Custom Anodized Colors** Contact SELECT for quote
SELECT hinges are available in a wide variety of custom anodized colors, including:
MG = Matte Gold **CH** = Champagne
Orders require a set-up charge. Lead time of up to 6-8 weeks may be needed.

- **Custom Kynar® Paint Color** Contact SELECT for quote
Gear caps or entire hinges on all models of SELECT hinges can be custom painted. Custom paint orders are individually quoted and require color approvals. Lead time of up to 4-6 weeks may be needed. Hinges with ATW prep can be ordered with a painted finish on the gear cap *only*.

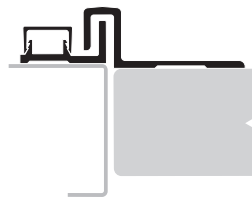

NEW! SECURITY LATCH GUARD

The ultimate defense for doors in high-risk, low-visibility areas. Perfect for back doors, strip malls and cannabis dispensaries.

- Pre-drilled holes and included fasteners save valuable time
- Fasteners concealed on jamb side for added security
- Robust appearance scares off break-in attempts
- Full-length protection deters air wedges, pry bars, Sawzalls and loiding
- Blends seamlessly with a SELECT continuous geared hinge
- Outswing and Inswing available
- 83" and 95" lengths
- Clear, Dark Bronze and Black anodized aluminum

CustomerService@Select-Hinges.com

Pin & Barrel Continuous Hinge Product Selection

SELECT offers Pin & Barrel Continuous Hinges for those customers who sometimes require hinges made of steel or stainless steel. SELECT Products Limited remains focused on providing you the highest quality products, superior service, and consistently shipping your orders within 48 hours. Large volume orders may require longer lead times.

PIN & BARREL HINGES IN STOCK

- Lengths** 79" / 83" / 85" / 95" / 119"
 SELECT hinges are normally 1" shorter than actual opening height. Custom lengths can be ordered (see page 14).
- Hinge Duty** All SELECT brand Pin & Barrel Continuous Hinges (excluding SL3500 and Toilet Partition models) are designed for 1-3/4" doors, medium-frequency up to 400 lb. or low-frequency up to 600 lb. (4 ft. maximum door width).
- Finishes** US32D Satin finish is standard on all stainless steel hinges. Standard aluminum hinges have a bright dipped anodized finish. Custom finishes, including painted and polished, are available (see page 14).

STANDARD ORDERS

- Shipping** 48 hours or less ARO for standard products. Large quantities and custom processing may require additional time.
- Terms** Net 30 days.
- Freight** Net amounts of \$1,800 or more: Prepaid and allowed, routing of our choice. (48 contiguous states and Canada only.) Net amounts less than \$1,800: Freight costs are prepaid and added. (48 contiguous states and Canada only.)
- Special Shipments** Oversized shipments (greater than 95" long) will ship via FedEx 3-Day or truck only. Additional fees may apply to orders shipped outside the 48 contiguous states, special packaging and advance notification requests. Please consult with SELECT.

FIRE-RATED PIN & BARREL HINGES

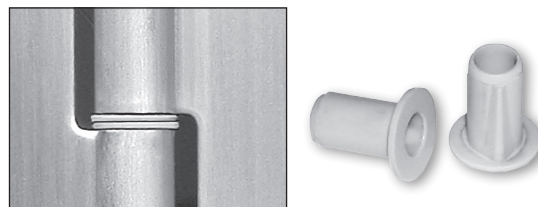

- UL® Labeled Fire Rating** The following SELECT Pin & Barrel Continuous Hinges have been tested by Underwriters Laboratories, Inc. to meet the Positive pressure requirements of UBC 7.2 and are listed by Underwriters Laboratories, Inc. to U.S. and Canadian safety standards:

Models SL300, SL302, SL303, SL305, SL306, SL308, SL309, SL310, SL311, SL315 and SL3500 for use on single-mounted doors, up to 3 hours for hollow metal doors, 1-1/2 hours for hollow metal and composite core wood fire doors, and 20 minutes for wood doors.

DUST-FREE (MEDICAL) BEARINGS

- Dust-Free (Medical)** flanged double bearings are standard

on all SELECT Pin & Barrel continuous hinges except Toilet Partition hinges.

- Prevent metal-to-metal contact for longer hinge life.
- Eliminate dust for "clean room" applications.

Lead times may vary depending on the number of hinges to be custom prepared. Please contact SELECT for verification of the lead time required. Changes or cancellations on custom processed orders are subject to charges for work already performed and materials utilized.

ELECTRICAL MODIFICATIONS

No discounts apply to net add items. Specify prep locations from top of hinge. See SELECT catalog for specific prep locations. Handing required for all electrical modifications. Hinges prepared with electrical modifications are non-returnable.

- **Current Transfer Prep [CTP]**
Hinge leaf cutout for EPT. Standard location is centerline. Provide location for all non-standard locations Handing required. Additional cost on the SL305 or SL310.

 - AR-CTP (Adams-Rite)** \$80* net add per CTP
*On the SL305 or SL310 \$90 net add per CTP
 - VD-CTP (Von Duprin)** \$80* net add per CTP
*On the SL305 or SL310 \$90 net add per CTP
- **Concealed Current Transfer [EL]** 28 gauge wires.

 - EL-4 (4-wire)** \$300 net add per EL
 - EL-8 (8-wire)** \$355 net add per EL
 - EL-12 (12-wire)** \$407 net add per EL
- **Adjustable Concealed Monitor Switch [AMS]**
Rigid welded assembly allows monitoring switch adjustments for all applications.

AMS Contact SELECT for quote
- **Electrical Transfer Access Prep [ETAP]** Access panel in both hinge leaves allows access to electrical wiring without removing door or hinge.

ETAP \$125 net add per ETAP

STANDARD FASTENERS

All SELECT Pin & Barrel Continuous Hinges and edge guards are shipped with a corresponding screw pack unless requested otherwise.

OPTIONAL FASTENERS

- **Adjusta-Screw™ [AS]** \$43 net add per hinge
Designed to correct frame fit variances up to 3/8". Right-hand thread. Optional on models SL305, SL308 and SL310.
- 
- **Security Fasteners [SF]**
Tamper-resistant spanner head and Torx® head fasteners are available (at extra cost) to replace standard fasteners for added entryway security.

 - Thread-forming [SF]** \$42 net add per hinge
 - Self-drilling, thread-forming [SF TEK]** \$85 net add per hinge

CUSTOM PROCESSING

No discounts apply to net add items. Handing required for all custom processing. Hinges prepared with custom processing are non-returnable.

- **Dutch Door [DD]** \$66 net add per hinge
Frame leaf is furnished as a continuous length. Door leaf is cut to fit the specified Dutch Door height. Required: Handing and measurements for net hinge length, top door leaf length, bottom door leaf length and clearance (3/16" min.) between top and bottom leaves.
- **Hospital Tip [HT]** \$59 net add per hinge
Hinges can be prepared with slanted tips for hospitals and correctional facility applications. Handing required. Available only on SL300, SL305 and SL315.
- **Wide Throw [WT]** Contact SELECT for quote
Specify leaf width from pin centerline when ordering. Engineering drawing required.
- **Automatic Door Bottom Cut [ADBC]** . . \$54 net add per ADBC
- **Raised Barrel [RB]** \$46 net add per hinge
Swaged door leaf for Concealed and Half Surface hinges allows door to open 180°. Handing required.
- **Security Studs** Stainless steel studs are mounted to frame leaf, door leaf is drilled to accommodate studs. 3 studs are required for hinge lengths up to 85", 4 studs are required for hinges longer than 85". Handing required. Door and frame must be specially prepared to accommodate security studs.

 - [SECSTUD3]** \$88 net add per hinge
 - [SECSTUD4]** \$123 net add per hinge
- **Sheared Leaf [SHFL]** Contact SELECT for quote
Used for narrower door thicknesses, unevenly rabbeted frames or other special applications. Specify leaf width from pin centerline when ordering.
- **Blank Hinge [B]** \$69 net add per hinge
Holes are omitted for welded installations.
- **LL Cover [LLCVR]** \$378 net add per cover
Lead-lined cover for applications requiring radiation containment. Available only on surface-mounted hinges.
- **LL Astragal [LLAST]** Contact SELECT for quote
Lead-lined astragal for SL308 edge guard.

Product Warranties and Ordering Information

WARRANTIES

Geared Hinges

SELECT Products Limited will replace your SELECT Geared Continuous Hinge if it ever fails under normal use, as long as it was installed in accordance with the installation instructions enclosed with every new SELECT hinge.

- SELECT Products Limited warrants its Geared Continuous Hinges to be free from defects in material or workmanship.
- This warranty is continuous and has no time limit.
- The durability delivered by SELECT Hinges' Pair-Matched™ hinge leaves, lifetime lubrication and anodizing after machining has been proven in independent performance testing surpassing 25,000,000 cycles. Learn more at selecthinges.com/cycletest.

The following actions will void any warranty, expressed or implied:

- Failure to install the hinge according to manufacturer's specifications and requirements. For more information, visit selecthingerequirements.com.
- Use of fasteners other than those supplied with the hinge.
- Unauthorized field modifications, including alteration or removal of the factory-applied lubricant, altering the original finish or painting the hinge.
- Failure to follow factory-specified cutting instructions when cutting the hinge in the field.

SELECT Products Limited makes no other warranty or guarantee, either expressed or implied.

Pin & Barrel Hinges

SELECT brand Pin & Barrel Continuous Hinges are guaranteed to be free of defects in material and workmanship for a period of 25 years.

The following actions will void any warranty, expressed or implied:

- Failure to install the hinge according to manufacturer's specifications and requirements. For more information, visit selecthingerequirements.com.
- Use of fasteners other than those supplied with the hinge.
- Unauthorized field modifications, including alteration or removal of the factory-applied lubricant, altering the original finish or painting the hinge.
- Failure to follow factory-specified cutting instructions when cutting the hinge in the field.

SELECT Products Limited makes no other warranty or guarantee, either expressed or implied.

Electrical Components

GEARED HINGES

All electrical components on SELECT Geared Continuous Hinges have a 5-year warranty, *with the exception of the Accessible Through-Wire components and hinges with AP or RP preps.*

- The Accessible Through-Wire (ATW) components are warranted for 6 years.
- The Accessible Through-Wire Removable Panel (ATWRP) and the Accessible Through-Wire Adaptor (ATWADPT) components are not covered by a warranty.
- All electrical components on hinges modified with AP (Accessible Panel) or RP (Removable Panel) preps are warranted for 2 years.

PIN & BARREL HINGES

Electrical modification components on SELECT Pin & Barrel Continuous Hinges have a 5-year warranty.

PAYMENT TERMS

Terms are net 30 days from the date of invoice, following credit approval. No C.O.D. orders will be accepted. Interest of 1.5% per month will accrue on any charges unpaid after 30 days from the date of invoice. Shipment will be held on subsequent open orders on accounts unpaid after 45 days from date of invoice until payment is received in full. Once payment of all outstanding 45-day+ invoices is received in full by SELECT, the order will be placed into production (if custom) and/or shipped (if stock items). Accounts unpaid after 90 days will automatically be subject to CIA terms on subsequent open orders.

Applicable Federal, State or local taxes are not included in the prices quoted. Should any license fee, property, sales, use or excise tax be levied or assessed by the Federal, State or local law upon any goods which are the subject matter of the price list, they shall constitute an extra and shall be paid by the buyer. If a surety bond is required in connection with a contract to furnish these goods, the premium shall be added to the contract.

CANCELLATIONS

Changes or cancellations on custom orders, including Fire-Rated products, will be subject to charges for work already completed and materials utilized.

PARTIAL SHIPMENTS

Partial shipments may be made on open orders to expedite delivery. Partial or multiple drop shipment requests subsequent to originally quoted and/or acknowledged orders may be subject to re-pricing and re-assessed for freight charges. Partial shipments will be invoiced at the time of shipment and will be payable individually, including freight if applicable, under the terms stated above.

RETURN OF GOODS/FREIGHT DAMAGE

SELECT Products Limited's restocking fee is 35%. Any refund given will be in the form of credit to be used for future purchases. **Only stock hinges without modifications are eligible for return.** Hinges with custom colors, special lengths, cutouts, electrical preps or other custom processing cannot be returned.

SELECT qualifies freight carriers based on their ability to deliver in a safe, timely and cost effective manner. All claims made for freight-damaged goods must be signed for as damaged at the time of delivery. "Authorized shipment release" deliveries are the consignee's sole responsibility. SELECT is not responsible for any damaged product accepted without signed paperwork. SELECT is not responsible for damage caused by carriers not approved by SELECT.

SHIPPING

SELECT ships 99% of hinge orders in 48 hours—and most of those in 24 hours. Unusually large quantities or custom processing may require additional time.

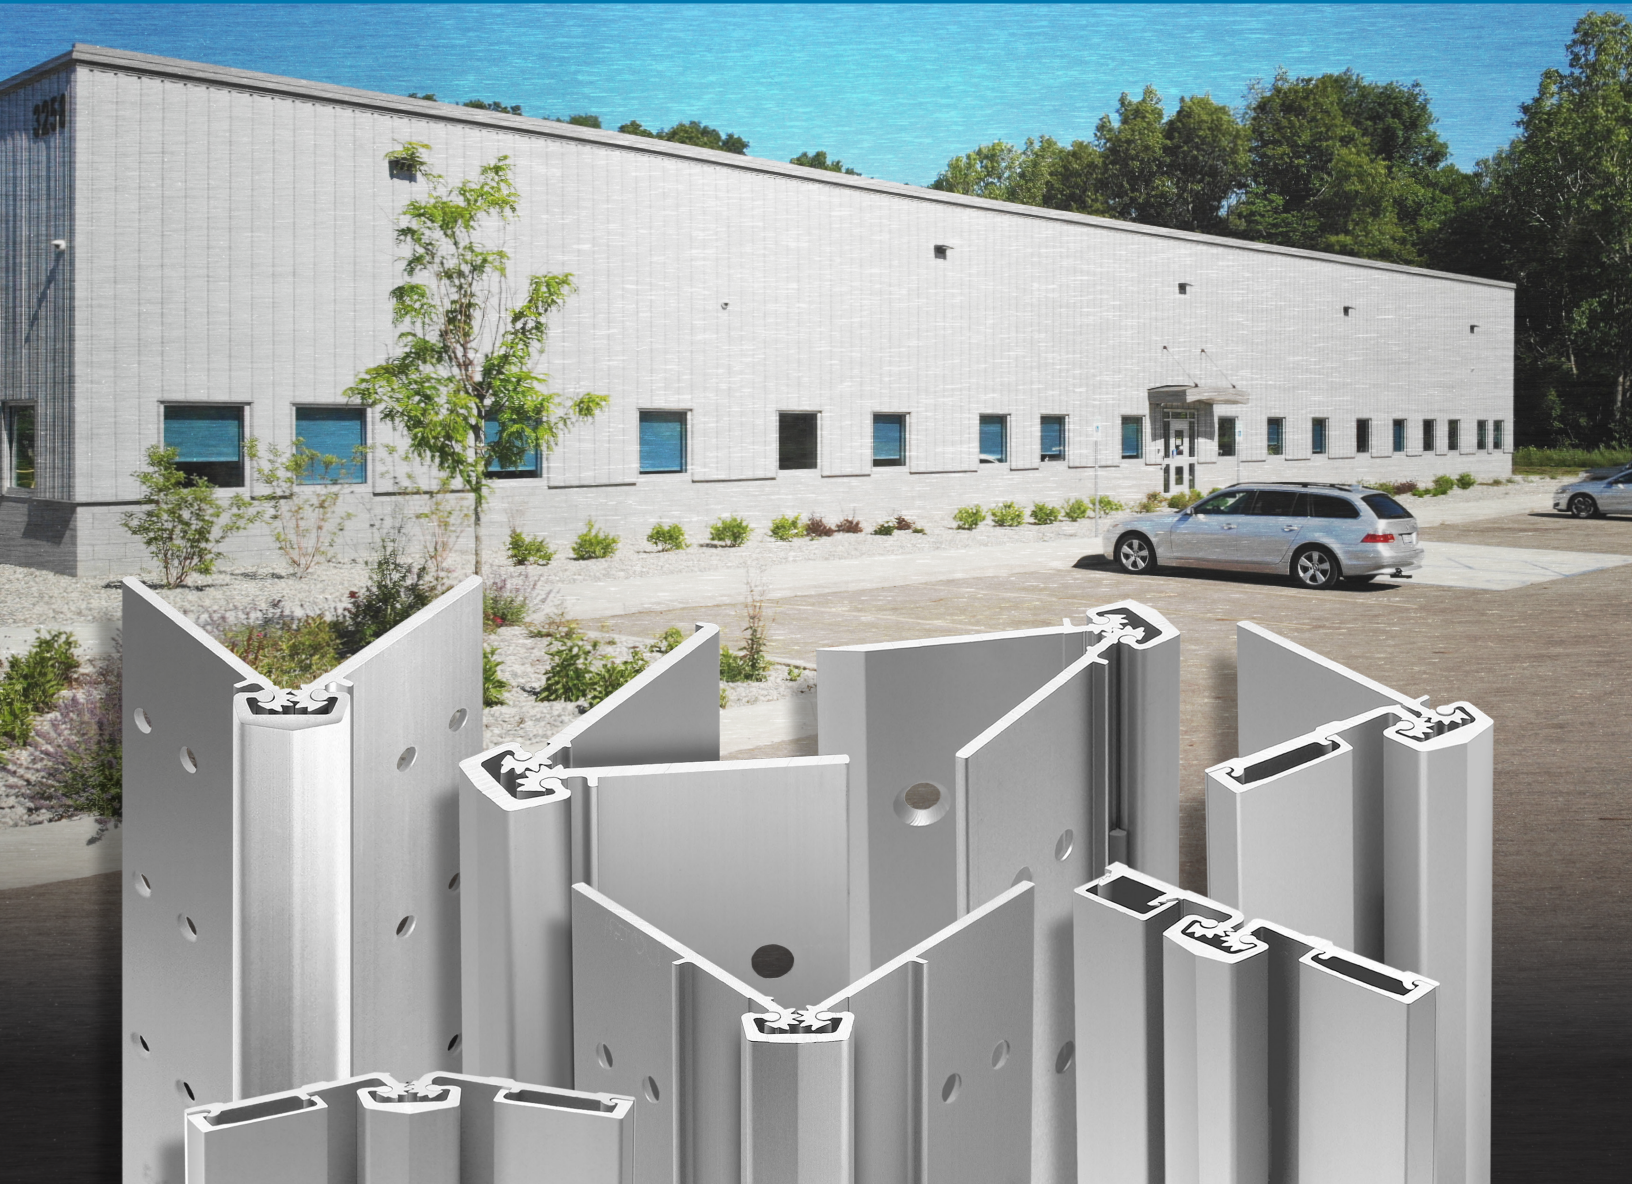

AMERICAN-MADE

Every SELECT Geared Continuous Hinge is manufactured in the United States and complies with the Buy American provision, section 1605, of the Recovery Act.
